SMC/AXDP Acquisition Excellence Branch

- Vision
  - The Ideal acquisition support organization, with Innovative ideas and solutions, and presenting a positive, professional Image for SMC
- Mission
  - To be a valued partner in successfully guiding SMC program offices through the acquisition process
- Goals
  - Being an Ideal acquisition expert
  - Developing strong relationships with the customer
  - Bring Innovation and flexibility to customer needs
  - Team work
  - Trusted Agent Image for the Commander
  - Bring common sense to the acquisition process

SMC/AXDT
Info Mgt & Facilities Branch

- Vision
  - Meeting the warfighter's needs as the world's leading experts in pre-award and decision support for space programs
- Mission
  - Provide unrivaled space and missile systems by providing state-of-the-art decision support facilities, software, and training to space acquisition professionals
  - Provide tough but fair evaluations of the past performance of our industry partners
